

WREN

PLAYER: Kester CLASS: Wizard 1 SPECIES: Human PROFICIENCY: +2

WHAT I LOOK LIKE

A human wizard dressed as a plague doctor: a long dark coat, a wide-brimmed hat, and a beaked mask packed with sweet-smelling herbs. Wren leans on a quarterstaff like a walking cane and looks ready to diagnose a monster — or a mysterious smell.

ATTACKS

ATTACK	TO HIT	DAMAGE
Quarterstaff	+3	1d8+1 bludgeoning
Inflict Wounds (touch, uses a slot)	+5	3d10 necrotic

Roll **d20 + the number**. Languages: **Common, Elvish**.

Stay far away and cast spells. The staff is backup only!

RESISTANCES & VULNERABILITIES

NO SPECIAL RESISTANCES Humans don't shrug off extra damage types. Take hits at full value.	NO SPECIAL VULNERABILITIES Nothing hurts you extra. The beaked mask is costume and flavor — it does not block poison by itself.
---	--

Squishy: Only 9 HP and AC 12. If a monster gets close, use *Sanctuary*, hide behind friends, or run.

SPELLS KNOWN & SPELL SLOTS

Cantrips never use a slot. 1st-level spells use a slot. Prepared = Int mod + wizard level (**4**).

CANTRIPS — CAST ANYTIME

SPARE THE DYING <i>Action · Touch</i> Touch a living friend at 0 HP. They become STABLE (they stop dying). Does not work on undead (sorry, Sanebs!).	MENDING <i>1 minute · Touch</i> Repair a small break or tear (broken key, torn cloak, cracked cup). Super useful between fights.
MAGE HAND <i>Action · 30 feet · 1 minute</i> A floating spectral hand picks up light objects, opens unlocked doors, or presses buttons from a safe distance. Perfect plague-doctor helper.	

1ST-LEVEL SPELLS IN MY BOOK

CURE WOUNDS <i>Action · Touch</i> Heal a living creature you touch for 1D8+3 HP. No effect on undead.	INFLECT WOUNDS <i>Action · Touch · attack +5</i> A nasty plague-doctor poke. 3D10 NECROTIC on a hit. You have to get close!
SANCTUARY <i>Bonus action · 30 feet · 1 minute</i> Ward a friend. An enemy must pass a WISDOM SAVE (DC 13) to attack them, or pick someone else.	ENTANGLE <i>Action · 90 feet · up to 1 minute</i> Vines fill a 20-foot square. Creatures there make a STRENGTH SAVE (DC 13) or are restrained.
COMPREHEND LANGUAGES <i>Action · Self · 1 hour</i> Understand any spoken language you hear, and written words you touch.	DETECT POISON AND DISEASE <i>Action · Self · up to 10 minutes</i> Sense poisons, poisonous creatures, and diseases within 30 feet — and identify what they are.
