

THE CLERIC

CLASS HANDBOOK

Holy Power and Heavy Armor!

Do you want to be the hero who saves the day when everyone else is hurt? The Cleric gets their magic directly from a powerful god. You are the best healer in the game, but don't think you're just a doctor! You wear heavy armor, carry a shield, and can blast evil monsters with blinding holy light!

CLASS MECHANICS

CHANNEL DIVINITY

You can channel the direct power of your god to create magical effects! The most famous one is **Turn Undead**. If you are fighting zombies or skeletons, you can hold up your holy symbol and blast them with light, forcing them to run away in terror!

SPELLCASTING

You use your **Wisdom** to cast spells. You have access to amazing healing spells like *Cure Wounds* and *Healing Word*. You also have great attack spells like *Guiding Bolt*, which hits enemies with a laser of light and helps your friends hit them on the next turn!

DIVINE DOMAIN

At level 1, you choose a Domain (like Life, Light, or War) based on your god. This gives you special bonus spells that are always prepared, and cool extra powers. For example, a Life Cleric heals extra hit points every time they cast a healing spell!

STRENGTHS

- **Best Healer:** Nobody keeps the team alive better than you.
- **Tough to Kill:** With medium or heavy armor and a shield, you have a very high Armor Class (AC).
- **Versatile:** You can fight on the front lines with a mace, or stand back and cast powerful spells.

WEAKNESSES

- **Not Very Sneaky:** Heavy armor makes a lot of noise, so you aren't great at Stealth.
- **Target on Your Back:** Smart monsters know to attack the healer first! You have to protect yourself.

LEVELING UP (LEVELS 1-5)

As you prove your devotion to your god and help your friends, you earn Experience Points (XP). When you get enough XP, you level up! Here is how your divine power grows:

LEVEL	NEW POWERS!
Level 1	Spellcasting & Divine Domain: You start with your holy magic and pick your subclass (Domain) right away! You get special Domain spells that are always ready to use.
Level 2	Channel Divinity (1/rest): You can use your god's power to <i>Turn Undead</i> , making zombies and skeletons run away! You also get a special Channel Divinity power from your Domain.
Level 3	More Spells: You unlock 2nd-level spells! These are much stronger. You can now cast spells like <i>Spiritual Weapon</i> (a floating magic sword) or <i>Lesser Restoration</i> .
Level 4	Ability Score Improvement: You become wiser or stronger! You can add +2 to one of your stats (like Wisdom or Strength) or +1 to two different stats.
Level 5	Destroy Undead: When you use <i>Turn Undead</i> , weak zombies and skeletons don't just run away—they instantly explode into dust! You also unlock 3rd-level spells like <i>Revivify</i> (bring someone back from the dead!).

SUBCLASSES (DIVINE DOMAINS)

Clerics get their subclass right at Level 1! Your Domain depends on which god you worship. Here are two awesome, kid-friendly choices:

LIFE DOMAIN

You worship a god of healing, health, and home. You are the ultimate protector!

- **Heavy Armor:** You get to wear the heaviest, strongest armor in the game!
- **Disciple of Life:** Every time you cast a healing spell, it heals extra Hit Points! You are the best doctor in the world.
- **Channel Divinity: Preserve Life:** You can use your Channel Divinity to send out a massive wave of healing energy to fix up all your friends at once!

Pick this if you want to be the ultimate team player who makes sure nobody ever goes down in a fight!

LIGHT DOMAIN

You worship a god of the sun, fire, and truth. You blast away the darkness!

- **Bonus Cantrip:** You get the *Light* cantrip for free, so you can make any object glow like a torch!
- **Warding Flare:** When an enemy tries to hit you, you can use your reaction to flash a blinding light in their eyes, making them miss!
- **Channel Divinity: Radiance of the Dawn:** You can unleash a huge explosion of sunlight that burns all the monsters around you!

Pick this if you want to throw fireballs and shoot lasers of holy light!

GEAR & STRATEGY

CHOOSING YOUR GEAR

Clerics are ready for war. Here is what you should carry:

- **Armor and Shield:** Wear the best armor you can find (Scale Mail or Chain Mail) and hold a shield. Your Armor Class will be super high!
- **A Holy Symbol:** You need this to cast your spells! It could be an amulet you wear around your neck or a symbol painted right on your shield.
- **A Mace or Warhammer:** You don't just cast spells; you can also smash monsters with a heavy weapon!

HOW TO FIGHT LIKE A CLERIC

You are the anchor of the team. You keep everyone standing and blast the bad guys!

1. **Don't Be Afraid to Get Close:** With your high armor, you can stand right next to the Fighter or Barbarian. You are tough!
2. **Save Your Healing:** You don't need to heal every little scratch. Wait until a friend is really hurt, or use *Healing Word* as a Bonus Action if they fall down.
3. **Use Your Big Spells:** Spells like *Guiding Bolt* do massive damage. Don't forget you can be a damage-dealer too!

ROLEPLAYING YOUR CLERIC

WHO ARE YOU?

Your faith is the most important thing to you. Think about your relationship with your god:

- Who is your god? Are they a god of sunshine, a god of the forge, or a god of nature?
- Why did you become a Cleric? Did you hear an angel's voice, or were you raised in a temple?
- Do you carry a holy book, a special candle, or a lucky coin from your temple?

HOW TO ACT

You are the moral compass of the group. You try to do the right thing and help people!

- **Offer Blessings:** When you meet nice people, tell them "May the sun shine upon you" or "May the forge keep you warm."

- **Protect the Weak:** If you see someone being bullied, step in! Your god wants you to be a hero.
- **Pray for Guidance:** When the party doesn't know what to do, you can say a quick prayer to your god for a good idea.

"The light of my god protects my friends, and burns away the darkness. Stand behind my shield!"

LEVELING UP (LEVELS 6-10)

Your connection to your god is getting stronger every day! Here is what happens as your Cleric reaches level 10:

LEVEL	NEW POWERS!
Level 6	Channel Divinity (2/rest) & Domain Feature: You can use your awesome Channel Divinity powers TWICE before needing a rest! You also get a new power from your subclass.
Level 7	4th-Level Spells: You unlock super powerful spells! You can now cast <i>Banishment</i> to send a bad guy to another dimension!
Level 8	Ability Score Improvement & Divine Strike: Add +2 to one stat or +1 to two different stats! PLUS, your god makes your weapons magical! When you hit with your mace, it deals extra damage!
Level 9	5th-Level Spells: You unlock amazing spells like <i>Mass Cure Wounds</i> to heal your entire team at the exact same time!
Level 10	Divine Intervention: This is amazing! Once a week, you can pray to your god for help. You roll a special die, and if you succeed, your god will literally reach down from the sky and solve your problem!

FAMOUS HEROES & LEGENDS

Throughout history, many holy Clerics have become legends. Which of these heroes sounds most like you?

THALIA THE SHIELD OF DAWN

Thalia was a Life Cleric who refused to let anyone get hurt. During a massive battle against an army of goblins, she stood in a narrow bridge for 12 hours straight! She healed her friends and blocked every arrow with her glowing, magical shield until the goblins finally gave up and went home.

CORVUS THE SUN-BRINGER

Corvus was a Light Cleric who hated the dark. When a sleepy village was cursed by a vampire to be in permanent nighttime, Corvus climbed to the highest tower, used his Channel Divinity, and unleashed an explosion of sunlight so bright that it chased the vampire away forever!

BEST MAGIC ITEMS

If you find a treasure chest, look for these awesome magic items! They are perfect for a Cleric:

- **Amulet of the Devout:** A super holy necklace that makes your spell attacks hit harder and gives you one extra use of Channel Divinity every single day!
- **Mace of Disruption:** A magical mace that deals tons of extra holy damage, especially to evil zombies, vampires, and ghosts!
- **Shield of Missile Attraction:** This might sound weird, but it's great! It makes enemy arrows curve through the air to hit YOU instead of your squishy Wizard friends. Since your armor is so high, the arrows just bounce off!

- **Winged Boots:** Heavy armor makes it hard to jump, but these boots let you FLY! You can soar up to heal your friends or blast flying dragons.
