

THE WARLOCK

CLASS HANDBOOK

The Magical Deal-Maker!

Welcome, seeker of secrets! As a Warlock, you didn't study magic or get born with it. Instead, you made a deal (a "Pact") with a powerful, mysterious creature! Maybe it's a fairy queen, a spooky alien from the stars, or a fiery fiend. They gave you awesome magical powers in exchange for your loyalty!

AWESOME WARLOCK POWERS

ELDRITCH BLAST

This is the coolest, most famous spell in the game, and only Warlocks get it! It's a Cantrip, which means you can cast it all day long. It shoots a beam of crackling magical energy at your enemies, and as you level up, it shoots multiple beams at once!

PACT MAGIC

Your magic works differently than other spellcasters. You only have a few Spell Slots, but they are ALWAYS cast at the highest possible level! Even better, you get all your Spell Slots back after just a **Short Rest** (like eating lunch), while Wizards have to sleep for 8 hours to get theirs back!

ELDRITCH INVOCATIONS

Your patron gives you special magical secrets called Invocations. These let you do amazing things, like seeing perfectly in magical darkness, reading any language in the world, or making your Eldritch Blast push monsters backward!

STRENGTHS AND WEAKNESSES

- **Strengths:** You have the best basic attack spell in the game (Eldritch Blast). You also get your big spells back very quickly, so you are always ready for a fight. You are also very charismatic!
- **Weaknesses:** Because you only have a few Spell Slots at a time, you have to be very careful about when you use your big magic. You can't just cast spells all the time like a Wizard can.

LEVELING UP!

As you go on adventures and defeat monsters, you will gain Experience Points (XP) and level up! Here is what you get for your first 5 levels as a Warlock:

LEVEL	AWESOME NEW POWERS!
Level 1	Otherworldly Patron: You pick the powerful creature you made a deal with (like a Fairy or an Angel). Pact Magic: You learn 2 Cantrips (pick <i>Eldritch Blast</i>!) and get 1 Spell Slot.
Level 2	Eldritch Invocations: You learn 2 secret magical tricks! You can pick "Agonizing Blast" to make your Eldritch Blast do extra damage, or "Armor of Shadows" to magically protect yourself. Extra Spell Slot: You now have 2 Spell Slots!
Level 3	Pact Boon: Your Patron gives you a special gift! You can pick a magical pet (Pact of the Chain), a magic sword (Pact of the Blade), or a magic book (Pact of the Tome). Level 2 Spells: Your Spell Slots level up, so all your spells are stronger!
Level 4	Ability Score Improvement: You can increase your Charisma to make your spells even harder to dodge, or pick a cool Feat!
Level 5	Level 3 Spells: Your Spell Slots level up again! You can now cast powerful spells like <i>Fly</i> or <i>Vampiric Touch</i>. Extra Invocation: You learn a 3rd magical secret!

AWESOME SUBCLASSES

At Level 1, you choose your **Otherworldly Patron**. This is the creature who gave you your magic! Here are two really fun options:

THE ARCHFEY

"My magic comes from the glittering forests of the fairy world!"

You made a deal with a powerful fairy, like a Fairy Queen or a magical talking unicorn. Your magic is tricky, sparkly, and full of illusions!

- **Fey Presence:** You can magically project the tricky beauty or scary power of the fairies. You can make everyone around you suddenly become your friend (Charmed) or run away in fear (Frightened)!
- **Misty Escape:** At Level 6, when you get hurt, you can turn into a puff of glittering mist and teleport away, turning invisible for a moment!

THE CELESTIAL

"I bring the healing light of the angels!"

You made a deal with a creature of pure good, like an Angel, a Pegasus, or a magical glowing lion. Your magic is bright, warm, and helps your friends!

- **Bonus Cantrips:** You learn the *Light* and *Sacred Flame* cantrips for free, so you can always light up the dark.
- **Healing Light:** You get a pool of magical healing energy! You can use a bonus action to send a beam of healing light to fix your friends' boo-boos from far away.
- **Radiant Soul:** At Level 6, your fire and light spells become super-charged and do extra damage!

GEAR & STRATEGY

WHAT TO WEAR AND CARRY

Warlocks are a little tougher than Wizards, but you still rely mostly on your magic!

- **Armor:** You can wear Light Armor (like leather armor) to protect yourself.
- **Weapons:** You can use simple weapons like a dagger or a crossbow. If you chose the "Pact of the Blade" at Level 3, you can summon a magical sword, axe, or even a glowing hammer!
- **Arcane Focus:** This is a special item you use to cast spells. It could be a glowing orb, a magical wand, or a spooky crystal!

HOW TO FIGHT

1. BLAST AWAY!

Your best friend is **Eldritch Blast**. Stand back and shoot magical beams at the bad guys every single turn! It doesn't cost any spell slots, so you can use it all day.

2. SAVE YOUR BIG SPELLS

You only have a couple of Spell Slots! Don't use them on small problems. Save them for when you really need to turn invisible, trap a big monster, or escape from danger.

3. TAKE SHORT RESTS

Remind your team to take a break! If you sit down and eat a snack for an hour (a Short Rest), you get ALL your Spell Slots back!

ROLEPLAYING YOUR WARLOCK

WHO ARE YOU?

Warlocks are very Charismatic, which means you are great at talking to people. But you also have a secret—your Patron! How do you feel about the creature who gave you your powers?

- **The Best Friends:** You and your Patron are best buddies! You talk to them all the time, and they give you helpful advice.
- **The Secret Agent:** Your Patron gives you secret missions to complete, and you have to sneak away from the party to do them!
- **The Accidental Warlock:** You didn't mean to make a deal! You just picked up a weird glowing rock, and now a fairy won't stop talking in your head!

WHAT DOES YOUR MAGIC LOOK LIKE?

Your magic should look like your Patron! Think about how your spells look:

- If your Patron is a Fairy, does your *Eldritch Blast* look like a swarm of angry glowing butterflies?
- If your Patron is an Angel, does your magic smell like fresh cookies and glow with golden light?

- What does your Pact Boon look like? If you have a magic pet (Pact of the Chain), is it a tiny dragon or a flying glowing cat?

Have fun, be creative, and make your Patron proud!

MORE LEVELING UP! (LEVELS 6-10)

Your Patron is rewarding you with even more magic! Here is what you get next:

LEVEL	AMAZING NEW POWERS!
Level 6	Patron Feature: Your Patron gives you a new special ability! (Like teleporting away when hurt, or getting a huge boost of healing light.)
Level 7	Level 4 Spells: Your Spell Slots grow again! You can cast powerful magic like <i>Banishment</i> to send bad guys to another dimension!
Level 8	Ability Score Improvement: Increase your Charisma, or pick a cool Feat!
Level 9	Level 5 Spells: Your slots hit their highest normal level! You can cast huge spells to contact other worlds or hold monsters still.
Level 10	Patron Feature: Another awesome gift from your Patron to make you super tough to beat!

FAMOUS WARLOCKS

There are many stories of heroes who made clever deals to get their powers. Here are a couple of legends:

KAELIN THE STAR-SEEKER

Kaelin found a glowing rock that let him speak to a friendly alien from the stars. He uses his alien magic to read minds and float through the air, helping lost travelers find their way home safely.

LYRA OF THE SUMMER COURT

Lyra made a deal with a beautiful Fairy Queen. She uses her tricky fairy magic to turn invisible and sneak past sleeping dragons. Her magic always smells like fresh flowers and sparkles with pink glitter!

BEST MAGIC ITEMS

Keep your eyes peeled for these amazing treasures on your adventures!
